

Hospital Referrals – St Mary's Surgery, Ely

It is anticipated that the majority of referrals to secondary care will be made by Choose and Book. Please check with your doctor when you are referred.

Fast-track 2 week-wait referrals

The doctor will make the appointment with you when you are in the surgery so that you can choose your appointment time and take your paperwork away with you.

Routine Referrals

- Your doctor will tell you that you are going to be referred to the hospital. Please let the doctor know if you have any preferences about where you would like to go and any dates that you are unavailable to attend the hospital.
- A member of the Admin Team will make your appointment for you through the Choose and Book system
- Please come to the surgery 14 working days after your appointment with your doctor to collect the paperwork.
- If your appointment is not going to be made via Choose and Book you will hear directly from the hospital and do not need to contact the surgery again. Please check with your doctor when you are referred.

Private Referrals

- Please let your doctor know that you wish to be referred privately.
- Please let your doctor or the secretary know who you are going to see and where. If the hospital wishes the referral letter to be faxed to them please let us know the fax number.
- Your letter will be ready no sooner than 5 working days after your appointment with your doctor.
